# He gave till he died Will you give till it hurts?

It took place at Chateau Thierry. He was a sergeant. He had been shot through both lungs. He tried to keep up with his men but could not—staggered, fell, crawled along on all fours, finally came in sight of the German trenches. He lifted his gun and fired shot after shot at the Huns. Finally, with his last cartridge gone he gasped his last breath and fell dead.

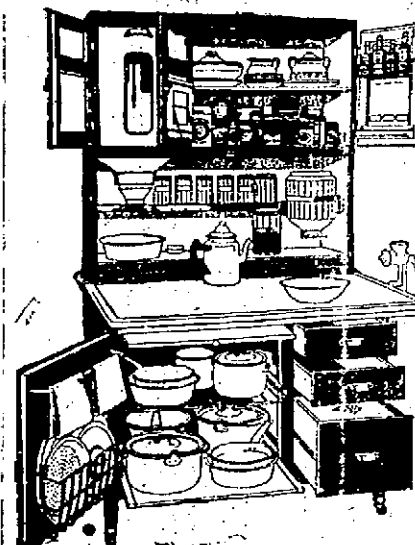

This man is one of thousands who have been showing the same sort of heroism. They have been fighting for YOUR home and YOUR liberties.

You will soon have an opportunity to bring them a few human comforts—just a few of the things you get as a matter of course in the security they have provided for you. This opportunity is the privilege you have of subscribing to the United War Work Fund.

## DOVER PEOPLE MARCH IN BIG- GEST PARADE EVER SEEN IN CITY.

Dover, Nov. 12.—By far the most enthusiastic demonstration ever witnessed in Dover took place in consequence of the early morning notification that the armistice had been signed and that hostilities had ceased at 6 o'clock Monday morning. The general public had the first inkling of the settlement of the world war when the Pacific Mills bell rang forth at 6.15 a. m.

In a sense Dover went mad and all joined in voicing their approval of the victory in which the Americans have played an important part, every known device for producing noise was brought forth the discarded wash boiler or kerosene oil cans, rattlers, fish horns, drums, cymbals, flutes, trumpets and many other crude arrangements for producing commotion were in the line and were utilized to the limit, all business was suspended for the day.

At an early hour groups took up their stations between Central square and Franklin square and shortly after 9 o'clock the grand parade was in motion, headed by a platoon of police in charge of Marshal Thomas W. Wilkinson.

They were directly followed by the Dover City band, the city's largest service flag borne aloft by 20 stalwart young men, members of the city council, headed by the mayor, Hon. Fred Smalley. The South End Patriotic club followed in large numbers and were very conspicuous by the odd and varied uniforms and costumes worn by many of the members. Three truck loads of New Hampshire college boys followed, and they received an ovation all along the line. The Pacific Mills section attracted much attention, as did the Hewlett Box Toe company, the Farmington Shoe Company, the Twin State Shoe company and G. B. Williams company.

Chairman A. G. Whittemore of the local draft board, who as much as any one in the parade welcomes the suspension of draft activities with the personnel of the board occupied a

prominent position in the line. The school children of the city were in the line and made a most pleasing and impressive appearance. Headed by a drum corps made up from members of the high school, the older scholars led the section followed by the children of the graded schools.

As the parade was nearing the end of the route about 500 whiffard employees made their appearance and joined in the parade.

A second parade took place in the afternoon. Shortly before noon word was received here that all of the soldiers stationed at the New Hampshire state college would leave there at 1 o'clock in the afternoon and would arrive at the Hollis River bridge at about 2 o'clock. At the latter hour a large delegation of Dover people were at this bridge to meet the soldiers. A short time after the appointed hour the Student Army arrived, having hiked a distance of about 5 miles.

After a short period of relaxation march was taken up for the city and a very fine parade through some of the principal streets of Dover, then took place. The streets were lined with spectators along the route and much enthusiasm was shown as the boys marched past in splendid alignment and with distance well maintained.

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

## EXETER HAS BIG CELEBRATION THAT GOES ON ALL DAY.

Exeter, Nov. 12.—Probably Exeter never experienced a more merry or wilder day than this. From noon after 5 o'clock when steam whistles sounded signaling that Germany had signed the armistice, there was scarcely a lull up till well after midnight. The bell on the First Congregational church pealed practically all day and those on the other churches joined in.

The demonstration by the citizens was started in the early morning hours, when the employees of the Bates the Gale Bros. shoe factories and the Exeter brass works found that the firms would be closed for the day and immediately formed a parade. Carrying flags, placards and headed by an impromptu drum corps they marched through the streets.

The students of the academy were

early on the spot and shortly after 10 o'clock another parade was started, which was headed by the student battalion, following the academy band. Then came the girls of the Robinson academy, the students of the Exeter high school and the shoe factory and Exeter Manufacturing Co. employees.

The streets were lined with people and hundreds of American flags were displayed. Business practically came to a stand still at noon and there was no session of the town schools during the day. The Exeter Manufacturing Co. plant was closed for the day.

The evening's program began with a concert by the Exeter Brass band and the students band in the pavilion followed by a parade, probably the longest and most enthusiastic in the history of the town. It was formed at 7 o'clock on the square being headed by the Exeter police department in charge of Chief Elwyn A. Bunker and following came the band from the Portsmouth navy yard, the Exeter Brass band, the Sanitary corps of the state guard, the Exeter firemen, the Academy band and battalion, employees of the Bates, Gale Bros. shoe factories, the Exeter brass works, the Exeter Manufacturing Co., Boston and Maine employees, business men, women and school boys.

Many placards and transparencies were displayed in the parade and one man bore the figure of the Kaiser hanged in effigy.

## SELF ASKS HELP FOR GERMANY

London, Nov. 12.—Dr. Self, the German foreign secretary has addressed a message to Secretary of State Lansing requesting that President Wilson intervene to mitigate "the fearful conditions" existing in Germany.

Dr. Self says, according to a German wireless despatch received here today, that he feels it his duty to draw President Wilson's attention to the fact that the enforcement of the conditions of the armistice, especially the surrender of transports, means the starvation of millions and requests that the President's influence be directed to overcoming this danger.

The President, he points out, has declared that he did not wish to make war on the German people, and did not wish to impede its peaceful development.

It is a far cry from the rolling hogsheads to the modern railroads and steamships which today bring Virginia tobacco into the markets of the world. And science has helped in other ways in the handling of Virginia tobacco.

But science cannot improve the golden Southern sunshine and the rich soil that make Virginia the best-tasting tobacco on earth for cigarettes. They give to it an appetizing freshness—a "lively," "snappy" taste unlike the flat taste of ordinary cigarettes.

## Portsmouth the Peace City.

It was indeed most appropriate that Portsmouth, the Peace city of the world, should lead in the celebration of the dawn of peace in the great world war. No time was lost in the proper observance and at 6 a. m. the city simply arose and like magic there sprung up a celebration that would have taken weeks of preparation. Every one joined in the movement and there was nothing left undone to make the affair a credit to the city. The people of this city from the highest to the humblest have done his or her part since the war began and all were happy that the terrible war was really over.

## Must Continue to Conserve Food.

According to Food Administrator Hoover and others it will be necessary for the United States to play an important part in feeding the world for some time to come, even though peace is here.

It is easy to understand this. For more than four years the Old World has been racked by war, and some portions of it have been so devastated that it will take a considerable period of time to restore the soil to productivity and put the people in a position to till it as it must be tilled before those countries can produce their proper share of the world's food supply.

In the meantime help must continue to come from abroad and the United States, the greatest producing country in the world, will have to keep a stream of supplies going across the ocean. For this reason conservation will have to be practiced yet for some time, although the pressure upon the people of the country should soon be lessened to some extent.

When Austria dropped out of the war it opened water routes by which foods can be taken to the suffering countries from India, Australia and the East generally. This will lessen the burden of the United States, which, however, must continue to do much toward feeding the stricken nations until they are again upon their feet.

And America is in a position to do this. Not only has agriculture here been greatly stimulated by the war, but ships have been so multiplied that there will be no lack of transportation. The food question in Europe will be solved very soon now with the cessation of hostilities, although it will be a long time before conditions there will become normal. But there is food enough in the world for all, and all will be properly cared for now that the seas are free.

But while the pressure in this country should soon be relieved perceptibly it will be well to bear in mind that the end of conservation and the need of conservation is not yet. Economy in the use of foodstuffs will be necessary for some time to come. From this time on agricultural production in the devastated countries will take a long time to bring it up to what it was before the war, and until this has been done the nations that are in a position to do so will have to "stand by" as ships do in times of trouble at sea.

And what a relief it will be to the peoples of the world to feel that they are assisting in building up instead of tearing down.

Mrs. Carrie Chapman Catt, prominent in woman's rights work, insists that women should be represented at the peace table when the time comes for settling the issues of the war, notwithstanding the fact that this would "break established precedent." Many precedents have been broken in the last few years, but whether the time has arrived for such a departure as this remains to be seen.

After a deliberation of eight hours the jury in the cases of the New York men charged with conspiracy to defraud the government in the manufacture of raincoats for soldiers brought in a verdict of not guilty. It is a wonder that the men were not found entitled to damages for defamation of character.

The yeowomen have been informed that they must wear the uniform and not attempt to vary it to suit their own taste. They now have an opportunity to show how loyal is their devotion to the work in which they are engaged.

It is claimed that every man in Casco, Me., a town of 800 population, is engaged in some essential occupation. If this is true the town is entitled to "honorable mention," to say the least.

The lesson of a rather unpleasant incident of the recent election in this city is that men who care to vote should take the trouble to register.

An increase of one dollar a ton in the price of coal just at this time will not be accepted as a cause for thanksgiving on November 28.

However Bill will be pleased to go over it and read the several short notes from over fifty of his acquaintances in Portsmouth and Boston. The combined sayings are written on paper over 24 feet long and has been in circulation for the past two weeks. The boys can see Bill smiling now and it is safe to say he will bring home nothing in the way of a souvenir which he will cherish any more than this 24 foot letter from his home town.

## DRAFT CALLED OFF AND MEN DISMISSED

The effect of the general order of President Marshall General Crowder on Monday cancelling all outstanding draft calls and stopping movement during the next five days of 250,000 men and setting aside all of the November calls, was that eleven young men who reported to the local War Board on Monday afternoon to enlist at 9 o'clock this morning for Garden City, were released at the last hour.

The Board being without any orders other than a telegram received from Governor Keyes on Saturday night to proceed with all draft calls, had the men report and they were given the usual instructions and told that their going depended upon orders.

Late Monday afternoon an order was

received by wire from Governor Keyes cancelling all of the calls and the men were immediately summoned and told to return home that they were released from this call.

The order does not, however, affect the navy or marine corps and special calls will be issued for them as they are needed and under the rule they may volunteer and be inducted or be inducted by the board where there are not enough volunteers.

## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

## DRYDEN DEFEATS BAILEY

Bill Dryden made short work of Farmer Bailey, the strong man wrestler of the 12th Street shipyard, before a good sized crowd at Freeman's hall on Monday evening. There was considerable interest in the bout and considering the outside attractions there was a large attendance.

Bailey outweighed Dryden by at least fifty pounds and he showed considerable improvement over that last time he wrestled here, and is fast for a heavy man. He was thrown in the first fall by Dryden in 19 minutes with a scotch hold and arm bar and on the second fall in eight minutes with a head scissors and a toe hold.

Young Hicks failed to show up for his match with Smart and Tony Pizarro and "Buster" Keefe staged a Webber and Field sketch on the art of wrestling.

## ROCHESTER

Rochester, Nov. 12.—Morse Hiron, aged 52 years died Sunday at the home of his daughter, Mrs. Damaise Dileau, North Main street. He was born in Canada and his residence in this city covered a period of 18 years. He was the son of Joseph and Marie (Fonville) Hiron. He is survived by five sons, Raymond of Boston, Wilfred and Alphonse of this city and Joseph and James, who are in the United States military service in France.

At a meeting of Rochester grange, the first degree was conferred and the order was inspected by District Deputy Harold Hayes of Dover. There was singing of patriotic selections in concert, readings by Miss Louise Perkins, vocal solos by Miss Edith Samp-

son, "Gleaner," grange paper by Mrs. Carrie Springfield and an address by Frank Twichell, United States navy on "Life in Cantonments."

Earle Freeman of Prospect street was arraigned in police court on the charge of receiving stolen goods from minors. It seems that Mrs. Clayton Abshire of Orchard street hung her week's washing on her line in her yard, leaving them there over night and the next morning they were missing. The matter was reported to City Marshal George H. Magoon, who traced the theft to two boys, minors. It is alleged that they had received instructions how to carry goods on their persons. The next morning after the robbery the officers discovered the stolen clothes in the kitchen of Freeman on a chair in process of drying. Freeman pleaded not guilty but Judge Samuel D. Parker ordered him to pay costs and gave him a suspended sentence of 30 days in jail.

Permission having been granted by the public service commission the electric cars have discontinued their trips until next April between Central and Squamport squares.

## SOLVING THE MYSTERY OF CONTENTMENT

When I was a boy I used to think the greatest man in our town was an old fellow who could go down to the creek and catch a half dozen blue bass any time he wanted to. Five years later I went home and as the train sped across the bridge I saw the same old fellow sitting there fishing. He paid no attention to the train but kept his eye upon the water. The world with any he was a failure, but was he?

For him no clouds obscured the sun by day nor thunder rolled at night, he owed no man a penny for he was alone in the world. Flowers grew in his front yard and he gave them to the passing children or carried them to the sick room of a friend.

The little hut in the cemetery that marked where his mother had passed to the angels he kept fresh and green and far more than half a century he had visited it weekly and dropped his sacred tear.

Often as he worked in his garden or swung his fish pole he would think "There is Rest for the Weary." "The business worries of the mart and the politics of the forum disturbed him not for his was a life dedicated to the uplift and moral betterment of those with whom he came in contact.

So again and again as I think of the old man, this thought has occurred to me: probably he has done that which those who live in marble palaces and count their gold by the millions have failed to do, I. e. Solved the Mystery of Contentment.

## UPSET STOMACH

Pape's Diapiesin at once ends sourness, gases, acidity, indigestion.

Undigested food! Lumps of pain, belching gas, acids and sourness. When your stomach is all upset, here is instant relief. No waiting!

The moment you eat a tablet of Pape's Diapiesin all the indigestion, pain, dyspeptic misery, the sourness, gases and stomach acidity ends. Pape's Diapiesin tablets cost little at any drug store but there is no surer or quicker stomach relief known.

DID YOU TRY IT?

New Hampshire is still as "dry" as the proverbial bone, and once very "wet" Portsmouth is particularly "dry." There are thousands of enlisted men in Old Strawbery Bank and thousands of shipyard workers, too. I saw delegations of both sailors and shipyard men the other day gathered around a Greenland N. H. farmer's wagon well laden with elder barrels. The farmer was selling the elder at 5 cents a glass, and the barrels were "sold out" in record time. At 6 cents a glass, elder would bring over 50 cents a quart. Looker-on, Boston Record.

SEND IN CLEAR PICTURES

Send in the best picture you can get of your soldier or sailor lad for the Herald's daily picture gallery. The best picture will make the best cut, but a few have been sent in that are not clear and others rather small and spindly, of course, do not show up in the paper as well as cuts made from better photographs or even snap shots. They will be returned after used to the owners. Send in the best and clear cut pictures. Pictures and sketches will be run daily of those in the service from Portsmouth or adjoining towns.

Better not miss a single copy of the Herald.

## MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "Tiz."

Just take your shoes off and then put those weary, shoe-cricketed, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive into that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Send in pictures and sketches of your soldier or sailor lad for the Herald's picture gallery.

## WAR WORK COMMITTEE ON THE JOB

The United War Work committee did not let the celebration of Monday pass without impressing upon the great throng of people the fact that they still owe a duty to the enlisted men, here and abroad. Scattered all through the parade were the striking signs of the campaign, "Give."

The committee also marched in the parade and carried their banners, and everywhere the signs of the big campaign were applauded.

The campaign is now on and in the remaining days of this week the committee have the task of collecting the sum of \$22,500, Portsmouth's quota in this great united drive for the benefit of the enlisted men, especially those over there, and who are liable according to the latest press dispatches to be there for at least a year more. To take care of them the different organizations need a vast sum of money and they are making the appeal to the American people for the largest gift that the world has ever known. It should and will be a fitting acknowledgment on the part of the people of their grand work.

The committee with the team captains and some of the members of the team met at the Chamber of Commerce rooms at 8 o'clock on Monday evening and made arrangement for the actual work of the campaign which begins today with the canvass of the team captains for the personal subscriptions.

The captains of these teams are Albert Hixon, R. D. McDonough, Fred H. Gardner, Max Goodman and Dr. Samuel Griffin, and they each will have a committee of ten workers, five of whom were chosen from the list submitted by the heads of the different organizations and the other personal choice of the captains. These teams will on Thursday, Friday and Saturday make a general clean-up of the business district of the city which has been set off in the same districts as of former drives.

The headquarters of the War Drive committee will be at the Rockingham Light and Power Company's office on Pleasant street and this will be in charge of Secretary Baker of the Chamber of Commerce, who will have assisting him the Y. M. C. A. and K. C. secretaries. Every night there will be a report made so that each day the committee may know just what is being done.

People are urged to be generous, make your subscription the largest you have made yet; there is need of it all and remember that through all of this great war you have not made any sacrifices, only the boys in the service and the parents of these boys.

### SWAM RHINE TO FREEDOM

New York, Nov. 12.—Lt. Edouard Victory Isaac, U. S. N., an officer of the American transport President Lincoln, sunk by a German submarine on May 31, who is credited by other survivors with having surrendered himself to the U-boat commander in order to save his captain from capture, returned today to the United States after escaping from a German prison camp and swimming the Rhine. He made his way to England by way of Switzerland, and embarked there on a British liner.

Lt. Isaac, an Annapolis graduate, whose home is in Cresco, Ia., declared to discuss his experiences, stating that he was obliged first to report to the navy department. It was learned, however, from other passengers that, with 12 other American and British prisoners, he broke away from the German detention camp at Villigen, Baden, on Oct. 6.

After climbing over the electrically charged wires that guarded their camp they separated, and on Oct. 13 Lt. Isaac reached the Rhine. Finding no other way to cross that river he plunged in and swam it, and by traveling at night managed to reach the Swiss frontier.

Of the 12 other prisoners who made the dash for liberty Lt. Isaac said he had heard three besides himself had reached Switzerland.

When the President Lincoln was sunk, the submarine went among the boats and demanded that the captain or another officer of high rank be turned over to them. The ship's officers had removed their epaulettes, and the Germans, exasperated when an officer did not immediately surrender, threatened to hold an entire boatload. Then Lt. Isaac gave himself up, remarking that it "was the fortunes of war."

Questioned concerning his treatment he replied that the only treatment given him by the Germans that even resembled decency was on the submarine and that "was nothing for them to be proud of." He said the Germans were overbearing and arrogant, believing they were winning the war, and holding the United States and the allies in contempt. After landing, he added, the treatment he received was almost unbearable. The food was scanty and of poor quality, and his captors delighted in venting their anger on him and other prisoners.

### UNITED WAR SAVINGS DRIVE

The Fourth Liberty Loan drive was an immense success in our yard, as it was all over the country. Those who subscribed to this loan are now in on a paying proposition. They simply loaned their money to the government at a very good rate of interest. Now

ded million to the United War Organization are asked to contribute two hundred million between Nov. 11 and 13. The work that the Y. M. C. A. and the K. of C. and the other charity organizations who have been working for our boys at the front, and in the war camps has been nothing short of remarkable. The expense of maintaining these organizations is enormous. They are called upon to meet greater demands every day as our forces increase in number. They have been carrying on bravely and without murmur throughout the whole war and doing so much good that it seems almost monotonous to recall the many stories the boys write home.

We want our boys to have all the comfort that is possible while they are defending our homes and our principles. We want the war charity organizations to continue their good work. They are willing to continue, but they must depend on us to finance them. They are simply our agents, and their efficiency is unquestioned. The testimony of their good work is that of our own boys who depend on them for their only comfort over there.

No worthier demand has been made of us. Let us respond with the willingness that has characterized all former drives of this nature and "come across" liberally.

The money is to be prorated among the following organizations: Y. M. C. A., Y. W. C. A., National Catholic War Council, War Camps Community Service, Jewish Welfare Board, Salvation Army, American Liberty Association.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast, each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

If you want to know what is going on all the time you must read the Herald every day.

## THE NAVAL BAND DOING GOOD WORK

Now Known as One of the  
Best in the Service.

During the peace parade of Monday and the concert which followed in the evening on Market Square, the people of this city were treated to some excellent music by the naval band from the local navy yard. All along the line of march this band was complimented by spectators as well as marshals for the fine selections.

The program for the evening was one of the best heard here in many days and every body remarked the great improvement in this musical organization under the leadership of Bandmaster Frank Zangari. The men have every reason to feel proud of their work and it shows what can be done when the necessary men to make up a band is allowed by the government. It is the opinion of musical people that this band is second to none at any naval reservation and can hold its own with any of the ships of the service.

## NEEDLESS FIRE ALARM SENT FROM BOX 78

Slight Fire on Freeman Avenue Gives Department a Long Run.

Another useless fire alarm was sounded from box 78 at the corner of Islington street and Spinnery road this morning which gave the department a long run to 51 Freeman avenue. The fire was a slight blaze among some books in the attic of the residence of Rufus Ferguson.

The Hanover street chemical engine had previously been called on a still alarm and was just starting when the general alarm sounded.

The fire caused but little damage and was extinguished by the chemical before the rest of the department arrived. It was reported that some children had been playing with matches in the building.

# THE CITY IN A PATRIOTIC OUTBURST OVER PEACE

## Magnificent Parade—A Wonderful Presentation of Spontaneous Feeling of Joy—City Goes Fairly Wild

Nov. 11, 1918, Victory Day, will go down in the glorious history of this city as one of the most eventful in its long annals of great events. A day when the people of this city celebrated in a most wonderful manner the closing of the world's greatest war and the declaration of what will be the peace of the world, for we hope centuries to come.

From shortly before six o'clock Monday morning, when with a wild outburst of bells and whistles the people were awakened to the great news that the armistice had been signed, to late last night, they gave vent to their expression of joy over the victory of the Allied governments in this great fight for freedom. The city simply went wild over the news and it was one continuous holiday with a general suspension of business and everybody out to celebrate the great event with the biggest parade ever held in this city.

The great news first reached this city from the Associated Press and was received by the Chronicle at 3 o'clock Monday morning, or just ten minutes after the State Department made the first announcement in Washington. In ten minutes this great news organization had flashed over the entire country the news of the signing of the armistice. The Chronicle soon after notified Mayor Samuel L. Ladd of the news and he at once arranged for the opening of the demonstration at six o'clock, when the watchmen at all of the plants opened up their steam whistles, after Chief Woods had given a preliminary alarm on the fire whistle. The bells then took up the chorus and in a short time the people were out on the streets and the extra edition of the Chronicle was quickly sought for the confirmation of the news.

So late was the news given out that the first Boston papers to reach this city did not have the news of the signing of the armistice, but later in the day the outside papers got out special editions with the same dispatches that the Chronicle gave to the Portsmouth public seven hours earlier in the day.

**Morning Celebration.**  
The celebration which started as soon as the people could get into their clothes and out on the street continued through the entire forenoon. It took the form of impromptu parades and there were one or two very "important" hangings in which the "Kaiser" had the most prominent place. The school children paraded and all schools were closed at noon.

The largest parade was that of the men at the Atlantic shipyard, who formed and with their excellent band leading, marched about the city and at the Federal building were addressed by Mayor Ladd and Mr. Downton. Later the plant along with the Shattuck plant where there was a demonstration on the part of the workmen, closed for the day. The Navy Yard men also held a demonstration at the yard and the yard was closed at noon for the day. All of the business places closed their doors and at noon there were only a few open and these were engaged in selling flags and implements, such as horns, etc., by which the young people, and some old could show their patriotic enthusiasm.

At 9 o'clock Mayor Ladd called a meeting at his office at city hall and the following citizen's committee was formed to arrange and carry out the parade, which was scheduled at 2 o'clock. Major P. W. Hartford was chosen marshal of the parade; Mayor S. T. Ladd presiding; H. B. Tilton of the Morley Button Co., C. E. Downton of the Atlantic Corporation, Col. H. C. Taylor of the Gale Shoe factory, M. L. Bullard of the Shattuck Shipyard, P. M. Sise, R. C. Margeson, Albert Hishop, Fred A. Gray, F. A. Belden, E. C. Matthews, Jr., R. I. Costello, Frank W. Randall, Raphael Pohn, L. W. Ewald, Rev. L. H. Thayer, R. J. Kirkpatrick, George M. Thompson of the U. S. Shipping Board, C. A. Dodge of the National Engineering Co., Chief Engineer W. P. Woods, R. D. McDonough, Harry Trafton, E. L. Patterson, J. A. Northwick, M. G. Bailey of the Y. M. C. A.

To get a parade lined up and in their proper places in the short time available was some task, but there was no delay and by noon everything was under way. From Col. Duttrick, U. S. M. C., a battalion of Marines with their band was secured. Near Admiral Bouch with his usual liberality tendered the naval band, the commanding officer of the Port sent up their military band and so it went on. The

navy yard was quickly in touch and the workmen's organization promised a big crowd over and they kept their word, with them came the yeogirls and the female employees. The Morley Button Company turned out all of their force, the Atlantic and the Shattuck shipyards responded by marshaling their workmen, office force and all, and with the Atlantic band. The City band was secured and things began to hum.

Major Hartford as marshal had as his chief aide Major C. B. Hoyt, and as aides, Dr. J. B. Eastman, Eugene McCue, Mrs. McCue, Russell McCue, Secretary Connell of the K. C. J. W. Newell and Morris Hurd, and Miss Corinne Parsons rode at the head of the yeogirls. Aided with the committee, they soon had the line formed and shortly after 2 o'clock the greatest parade this city had ever seen swung into line behind a platoon of police under command of Deputy Decker. There was remarkably little confusion and as the procession swung into line the different divisions took their places until it extended nearly two miles in length, and it was variously estimated that there were from 9000 to 10,000 people in line, and there was a crowd of at least twenty thousand people along the line of march, the crowd on the main streets being all that the police could handle.

The line of march was lengthy, but the procession moved along at a clip set by the Marines that did not permit dragging. The line of march was from Pleasant street to Congress, to Cass, to Middle, to Richards avenue, to South, to Pleasant, to State, to Middle, to Bridge, to Doer, to Vaughan, to Congress, to Pleasant, where the parade disbanded and this with the minimum of confusion.

There were seven divisions made up as follows:

**FIRST DIVISION**  
Platoon Police, Deputy Marshal G. H. Ducker commanding.  
U. S. Naval Band.  
Battalion U. S. Marines. Captain Henry A. Bickers commanding.  
Delegation Store Post, G. A. R. Company H. N. H. State Guards. Captain C. P. Wyant, commanding.  
Portsmouth Firemen, Chief W. P. Woods, commanding.  
Color Bearers, Judge T. H. Simes, Stanton Truman, Luke Ashworth.

**Evening Celebration.**  
There were thousands of people about the city during the evening, the streets about the center of the city

being jammed with a good natured, fun-loving crowd and they made the most of the celebration.

Two bands gave a continuous concert program from 7 to 9 o'clock, the Naval band from the band stand, and the Atlantic from the sidewalk in front of the First National Bank. They alternated in their selections and they rendered a very fine concert program, which was thoroughly enjoyed by the big crowd.

At 8 o'clock the whistles about the city opened up for a few minutes as a parting salutation of a day that has been such an eventful one.

## Doughnuts For the Boys.

Upon hearing of the proposed parade yesterday, Captain Lawrence got in touch with several of the members of the local corps of the Salvation Army and while others perhaps, were discussing the good news, these lasses were busy making doughnuts and as a result the Salvation Army was well represented in the parade. While the Salvation Army Band played patriotic marches, several lasses were distributing doughnuts to enlisted men along the line of march. Several hundred doughnuts, Salvation Army doughnuts, like the boys are getting 'over there' when they return from long marches or when being relieved from duty in the trenches, were distributed.

## Notes of Peace Parade.

There was no half way about Portsmouth's celebration of peace, it was whole-hearted and everybody joined in the observance.

The band concerts in the evening were listened to by thousands.

Several thousand people came into the city to witness the parade.

The marines were given much applause along the line.

The red fire display at 8.30 was some blaze.

The Atlantic band was one of the hits of the mammoth parade.

General Manager H. C. Raynes of the Atlantic cooperated in every way.

The yeogirls presented a natty appearance in the line.

You simply could not keep from smiling.

Were you in line?

The York firemen added to the spirit of the big celebration.

The school children were full of life and thoroughly entered into the celebration.

The red fire display was handled by R. L. Costello, R. J. Kirkpatrick and F. A. Gray.

The police had their hands full.

The G. A. R. was represented in the parade by a delegation headed by Maj. David Uch, Commander. M. H. Bell, H. S. Paul, J. A. Peterson, H. C. Tucker, J. S. Doodlittle, Simon R. Marston, John W. Leavitt, H. W. Watkins and J. W. Marden.

The decorated autos and trucks attracted much attention.

## As a Unifying Power to the Nation Music is Welding a Magic Influence

It is making a Union out of many states—a Nation out of many nationalities.

When the Star Spangled Banner sweeps over the country from the Atlantic to the Pacific and a hundred million voices give expression to the same sentiments of loyalty it means one hundred million people are drawing a little closer together.

As the nation needs music, as the army needs it, as the church needs it, so does every human being need it.

Music is a Primary Need in  
Every Home.

The Victrola makes it possible for every one to fill this need. There is one to fit everyone's pocketbook and our terms are easy. Drop in and see the different models.
